

Hindhead Road
Q4 '23 Update

OVERVIEW

Crowdstacker investors are currently part funding the construction of two new houses in Hindhead, Surrey. Progress revealed to investors to date has focused on the ground work and foundations, but now the buildings have come out of the ground completely and it is possible to get an idea of what the finished homes will look like.

In Summary

- All of the concrete retaining walls and blockwork to roof level has now been completed with both units are fully scaffolded.
- The majority of the facing brickwork has already been applied to the garages, basements and ground floors.
- Next steps will include installing the roofs, windows and doors so they are 'wind and watertight'. The upper floors will have cladding applied at the same time.
